Mr. Parker Bethea, who is an inmate of the Soldier's Home at Columbia, came over to vote in the New County election and is spending a few days in this section with friends and relatives. Mr. Bethea says he is delighted with the treatment he receives at his new home and he wishes that every old soldier in the state was an inmate of the home.

Mr. Pincus Witcover of New York city has returned home after spending a while with his sister, Mrs. Max Fass. This was Mr. Witcover's first visit to Dillon in many years and he expressed surprise at the wonderful growth of our city in the past few years. He says this is Dillon's opportunity now that we have a new county, and one of the first things the citizens should do is to interest northern capital in the establishment of an electric light plant, water works, sewerage and other enterprises. Mr. Witcover watched the fight for the new county with a great deal of interest and he says if our people will show as much zeal and energy in building up Dillon as they did in fighting for the new county that ere long we will have a prosperous city.
